

RSM students remember King

February 5, 2010-02-05

Rancho Santa Margarita Intermediate's Bridges Program celebrated and remembered civil rights leader the Rev. Martin Luther King Jr. with its annual "I Have a Dream" Wall on Friday. More than 250 students shared their dreams and purchased shirts that shared a core Bridges value – "Hate is easy but love takes courage."

Designed and organized by students, the project is intended to remember a spirit of creating communities that are safe and inclusive. The Bridges program's mission is to build safe, inclusive and equitable schools by fostering mutual understanding among students, teachers, administrators and parents in order to make Orange County a better place for all people to study, live, work and do business.
